EXECUTIVE SUMMARY

Frontend Developer with hands-on experience in building responsive and interactive web applications using HTML, CSS, and JavaScript. Skilled in API integration, UI/UX design, and modern web development practices. Seeking to contribute technical skills and creativity in a growth-driven development team.

TECHNICAL SKILLS

- HTML5, CSS3, JavaScript, React, Responsive Web Design
- Programming Languages (Basics) : Python, Java
- Tools & Technologies : Git, GitHub, VS Code, Figma, Vercel

INTERNSHIP

Web Development Intern | Willo Web Studio (Remote)

July 2025 – Present

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Assisted in creating user-friendly website interfaces.
- Collaborated with team members on web development projects.
- Tested and debugged websites to improve performance and functionality.

PROJECT

3D Solar System Simulation

- Built an interactive 3D solar system using Three.js with orbital animations and speed control
- Implemented real-time rendering and user interactions for better UI experience
- Applied JavaScript concepts like event handling and 3D transformation

Weather Detection App

- Developed a weather app using HTML, CSS, and JavaScript with real time API integration
- Fetched and displayed live weather data using asynchronous JavaScript (fetch API)
- Designed a responsive UI for mobile and desktop compatibility

EDUCATION

ADHIPARASAKTHI ENGINEERING COLLEGE (APEC)

Bachelor of Technology (Information Technology)

CGPA: 8.7

Graduation Date (2027)

CERTIFICATIONS

- FS Java Program – Career Craft Academy (Jan 2025)
- Python For Data Science – NPTEL
- HTML5 & CSS3
- Gen AI
